

## Who is our Chaplain?

Our school chaplain's name is Mrs. Sheldrake. You will always be able to find her office (room 2053) by remembering this rhyme – It's the purple door on the second floor! She leads our school in activities and events that encourage our spiritual and personal growth. Her favourite thing to do is Grade 9 mini- retreats! She loves spending time with Grade 9 students and getting to know you. Mrs. Sheldrake has a student club called the 180 Team which is a casual and fun friendship– based kind of group. Throughout the year she really enjoys bringing 180 Team student members to some amazing student learning and leadership conferences and social justice events around southern Ontario and to participate in local hands-on social justice activities and field trips. All Grade 9 students are welcome to join the 180 Team. The most important thing to know about Mrs. Sheldrake is that she is here for you if you need to talk or a just a friendly smile. She is a cheerleader for students, an encourager, and a great listener. She has an Instagram and posts stories often and you are welcome to follow her.

@acschaplain

The role of the chaplaincy leader is to promote spiritual & personal growth & development

The chaplaincy leader assumes leadership for the faith and prayer life of the school community; preparing and leading daily morning prayers, prayer services for gatherings of the school community; organizing and preparing for the Celebration of the Eucharist (Mass).

The school's retreat programs for Grade 9 students and for Grade 12 students are overseen by the chaplaincy leader.

The chaplaincy leader facilitates connection and communication between various internal and external partners in Catholic Education and in our community and encourages in the school an awareness of our call to serve others through social justice and charity initiatives.

Being available as a pastoral resource to students and staff who need comfort and pastoral support because of personal crisis and grief support and bereavement is a very important part of the role of the chaplaincy leader.

### † School Mission Statement

Assumption College School is our Catholic learning community where we strive for excellence and we work to become respectful, responsible individuals who are ready to serve our world in the Spirit of Christ.
