

## **Congratulations, Academic Award Winners 2021-2022!**

The Faculty of Assumption College School is delighted to congratulate the Academic Award Winners from the 2021-2022 school year!

On Wednesday, November 9, 2022, students were recognized for their hard work, dedication to their studies, and their overall academic performance. Certificates have been issued to those students who earned a place on the Principal's Honour Roll, and for a few special recipients, an additional presentation was made to those students who displayed academic proficiency in a specific course and level of study. Congratulations!

The Faculty of Assumption College School is also proud to celebrate this year's **Lion Award** winners. This award is presented to students who demonstrate a combination of academic excellence, extra-curricular involvement, and community volunteerism. It is awarded to students in Grades 9-11 after a rigorous application process and it is a precursor to the School Letter Award which is presented at our annual graduation ceremony. This year, Principal Cacilhas was delighted to present the Lion Award to the following recipients (listed in alphabetical order by surname):

**Lianna Bethune**  
**Bianca Delina Brown**  
**Neave Hodgson**  
**Orobosa Idusuyi**  
**Myesha Khan**  
**Janelle Orleans-Lindsay**  
**Rida Rajpurkar**  
**Nathanael Szubert**  
**Luna Tofflemire**

### **Congratulations to these Lion Award winners!**

As we hear in our Mission Statement each week, our Catholic learning community commits itself to academic excellence. Each of our award recipients have proven themselves capable student leaders and exceptional students in the face of another challenging and unprecedented school year. We are proud of each of you, and we look forward to seeing what you will accomplish next.

To all parents and caregivers, the Faculty of A.C.S. also send you congratulations and appreciation for the support you continue to offer our Lions and for the invaluable partnerships that are created between home and school each year. Your continued support allows these award recipients—and all students in our community—to flourish and grow as learners. We send you prayers of thanks and blessings for the important roles you play in the lives of your children.

Again, the entire Assumption College Faculty offer a heartfelt congratulations to all Award Recipients. We pray for your continued success as you continue your studies and continue to enrich our larger school and Brantford community.
